

Parent Notes

To keep parents well informed the staff will be creating a bi-weekly newsletter to send home with the kids so parents know of upcoming events and themes, highlights from previous weeks and tips from the Healthy Family Home Program to try at home .

Parents are also invited to visit the Y Day-camp website throughout the week for pictures of the Y campers and their activities at camp.

The annual Family Fun Day will also be held this summer and all parents are invited to attend the festivities with their children.

New to Summer Day Camp 2009!!

The Y Cultural Center was accepted to be a site for the summer community meal program through Marshalltown School Food Service. This service runs from June 1st through July 31st. Offering this program means that all campers will have the opportunity to eat hot lunch and be provided a sack lunch for field trips at no additional cost.
