

Parents/Guardians: **SAVE** up to...

\$153* per year on your utilities!

See reverse side for details

What would your family do with an additional \$153? Your family has been selected to participate in the exciting LivingWise® Program. This educational Program is being provided to your child at **NO COST** to you, the school, or the district. Your family can save up to \$153* on your home utility bills! On average, that's about 2.5 tanks of gas!**

WHO: Your child

WHERE: At school and at home

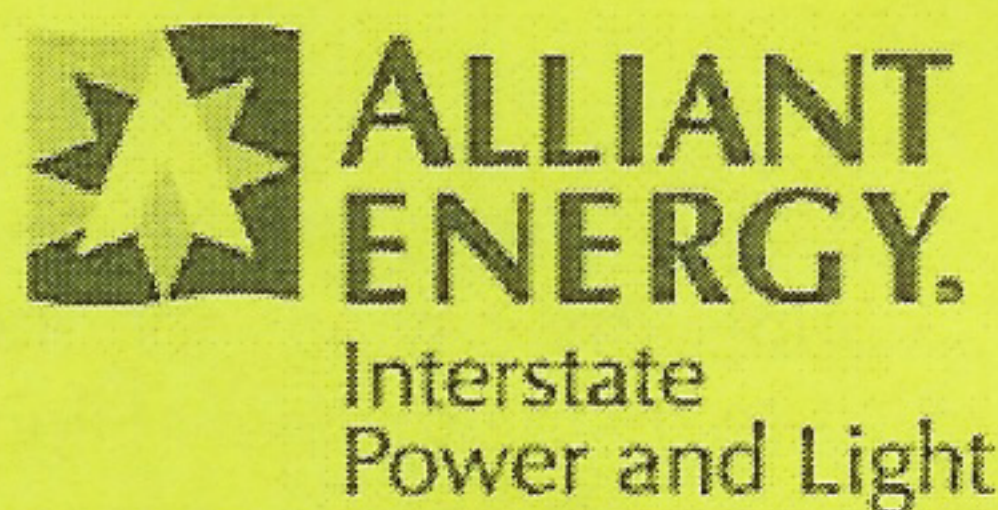

WHEN: Your child's teacher will establish a time line for activities to be completed

WHAT: Alliant Energy has teamed up with Resource Action Programs to bring you the LivingWise Program, a nationally acclaimed program developed to teach students easy and effective ways to use water and energy more efficiently in their homes. Over the last 15 years hundreds of thousands of families across America have participated in this effective and enjoyable learning experience which has yielded tremendous water and energy savings for families just like yours! Your child will receive a LivingWise Kit valued at \$60 which includes high-quality, high performing products utilizing the latest in water and energy efficient technologies. Your child will receive practical homework assignments designed to help you measure home water and energy use, as well as actual devices to install which will help your family save money. Every assignment will closely follow state education curriculum standards for science and math and will teach life-long water and energy efficient practices.

WHY: You will save water and energy in your home, which can save you and your family up to \$153* per year!

All materials and instruction will be provided and additional Program support can be obtained by calling the Resource Action Programs Information Center toll-free at 1-888-GET-WISE. Help your child complete the activities provided with the Program and save up to \$153* per year on utilities.
